

REMARKS

Claim 15 has been amended for clarifications only and does not present new matter. No other amendments, cancellations, or additions have been made to the claims. As such, claims 1-30 are currently pending in the case. Further examination and reconsideration of the presently claimed application are respectfully requested.

Allowed Claims

Applicant appreciates the Examiner's allowance of claims 1-13 and 17-30 and awaits formal allowance of the remaining claims.

Section 112 Rejection

Claims 15 was rejected under 35 U.S.C. § 112, second paragraph, as being indefinite. In particular, the limitation of "the JAVASCRIPT EVENT" was deemed to have insufficient antecedent basis. In response thereto, claim 15 has been amended to correct the antecedent basis of the limitation. Accordingly, removal of this rejection is respectfully requested.

Double Patenting Rejection

Claims 14-16 were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 10 and 11 of U.S. Patent No. 6,725,424. In response thereto, a Terminal Disclaimer is submitted herewith in a separate paper. The terminal disclaimer is believed to be sufficient to overcome any assertion of judicially created obviousness-type double patenting between the present claims and the claims of U.S. Patent No. 6,725,424.

CONCLUSION

This response constitutes a complete response to the issues raised in the Office Action mailed September 9, 2004. In view of the remarks traversing the rejections, Applicants assert that pending claims 1-30 are in condition for allowance. If the Examiner has any questions, comments, or suggestions, the undersigned attorney earnestly requests a telephone conference.

No fees are required for filing this amendment; however, the Commissioner is authorized to charge any additional fees which may be required, or credit any overpayment, to deposit account number 50-3268/5468-03200.

Respectfully submitted,

Kevin L. Daffer
